

VICKY KHAW WEI KEE

COMPUTER SCIENCE STUDENT

+60 183734688 | khawwicky@gmail.com | Penang, Malaysia | GitHub: khawwicky

PROFILE

Computer Science student with hands-on experience building full-stack web and mobile applications using React, TypeScript, PHP, MariaDB, Flutter and SQLite. Experienced in developing HR, POS and rental systems with resume parsing, scoring, ranking and database-driven features. Currently seeking a 12-week Final Year Internship placement from 14 Sept to 6 Dec 2026.

TECH SKILLS

AI / NLP: Resume Parsing, OCR, Regex, Taxonomy Matching, NLP, Rule-Based Scoring

Languages: JavaScript, PHP, Python, SQL

Frameworks: React, FastAPI, Flutter, Bootstrap

Databases & Tools: MariaDB, MySQL, SQLite, GitHub

PROJECTS

AI-Based HR Decision Support System | Final Year Project | React, TypeScript, PHP, FastAPI | Jan 2026 - Present

- Designed a hybrid parsing architecture with FastAPI, PyMuPDF and Tesseract OCR fallback for text-based, scanned and low-text PDF resumes and job descriptions.
- Implemented three-tier extraction using regex, taxonomy matching and NLP models, with Pydantic validation for structured JSON.
- Built rule-based weighted scoring with evidence-based explanations to rank candidates based on matched and missing evidence.

POS-App | Personal Project | Flutter, Dart, SQLite, PyMuPDF, Android | Mar 2025 - Aug 2025

- Built an Android POS application using Flutter and Dart to manage sales, products, customers and orders.
- Developed 7 core modules, including bilingual receipt printing, barcode search, discounts, deposits, payment and pickup tracking.
- Used SQLite-based offline storage to support reliable transaction processing and access to daily business records.

House & Car Rental Website | Diploma Project | HTML, CSS, JavaScript, PHP, MySQL, Bootstrap | Jul 2023 - Nov 2023

- Developed a full-stack rental platform using PHP and MySQL for browsing and listing houses and cars.
- Built responsive property galleries, structured listing pages and detailed rental information using Bootstrap and JavaScript.
- Built an admin dashboard to review rental listings, track user reports and moderate non-compliant content.

EXPERIENCE

Big Domain Sdn Bhd | Web Development Intern | Jan 2024 - May 2024

- Customized WordPress and Elementor websites with custom CSS to meet client business and design requirements.
- Designed responsive layouts for 5+ client projects, including landing pages, corporate websites and e-commerce platforms.
- Maintained live websites by resolving cross-device layout issues and managing content updates efficiently.

EDUCATION

Bachelor of Computer Science | UOWM KDU PG UC | CGPA: 3.44 / 4.0 | 2024 - Present

Diploma in Information System | SEGI College Penang | CGPA: 3.47 / 4.0 | 2021 - 2024

LANGUAGES

English | Bahasa Melayu | Mandarin
